Glazed Porcelain Tile

Translation of classic and timeless beauty.

The statuary marble of a cava on the Monte Altissimo was **Michelangelo's** favorite and was the raw material for sculpting one of his most famous works, David. Reproduced in porcelanato, the Michelangelo marble is the translation of classic and timeless beauty. Surface with large extremely white areas that are sometimes surprised by smoky veins in a cold gray with pinches of gold. It is like describing a jewel, where every detail enhances the beauty of the whole.

Art Deco years inspired all of the art. A transgressor mood created a new aesthetic. In dance, **Charleston**, with all of its irreverence, marked the birth of jazz, in New Orleans. Inspired by this new way of seeing the classics, totally transformed by the euphoria of the crazy ones in the 20s, we present the eternal white Italian marble, in its contemporary rhythmic version – more dynamic, versatile and ready to express all its authenticity in the most distinct projects. It's Jazz in interior design.
