GLAZED PORCELAIN

STONE LOOK

On the cover: **MNM10 12x24** Mist Matte

Since the dawn of civilization, monuments have served as enduring anchors of memory, solid reminders of our shared history. Long before the advent of paper, photography, or digital records, stone was the keeper of our stories, connecting us to cultures that shaped our world. Each generation reinterprets these stones, finding reflections of their own experiences within their weathered surfaces.

At Florida Tile, we believe in building the monuments of tomorrow through the spaces we design and the architecture we create. This philosophy inspired Monumentum, a collection that pays homage to the majestic natural stones found in the world's most revered monuments, including granite, marble, limestone, and sandstone.

Monumentum reimagines the strength and durability of porcelain with a color palette that evokes the beauty of softened stone and the richness of mineral depths. Its textures and inclusions mirror the artistry of nature, shaped over time by erosion. The collection is available in five distinctive colors, each reflecting a different facet of monumental stone:

Mist: A whisper of pale stone with subtle cool undertones, Mist captures the ethereal quality of weathered limestone bathed in morning light. Delicate veining drifts across its surface like fog over ancient quarries.

Pillar: Warm and grounding, Pillar embodies aged travertine with soft taupe tones and gentle movement. Its balanced neutrality anchors spaces with quiet strength.

Fawn: Rich earth tones meet sophisticated warmth in Fawn, where golden beige and natural variation evoke sun-soaked sandstone. Dynamic veining adds depth and character to every surface.

Flint: Cool gray with organic complexity, Flint captures the raw beauty of granite shaped by time. Its intricate patterns and mineral inclusions create visual interest while maintaining refined elegance.

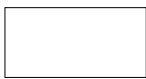

Carbon: Deep and dramatic, Carbon channels the gravitas of slate with charcoal tones and striking veining. This bold colorway brings modern sophistication and timeless presence to any space.

In kitchens, bathrooms, and gathering spaces, Monumentum becomes the canvas for your life's stories, providing a foundation of permanence and elegance. Celebrate creativity and connection in interiors that reflect the care and respect we've always held for the spaces we inhabit.

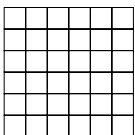

Crafted with innovation and sustainability in mind, Monumentum is a glazed porcelain tile made in the USA at our Green Squared® certified Advanced Manufacturing Center in Lawrenceburg, KY. It contains pre-consumer recycled content and holds both GREENGUARD® and Porcelain Tile certifications.

	V3 Moderate Variation

Typical Uses

Monumentum glazed porcelain tile is appropriate for most residential and commercial wall, countertop, backsplash, and floor applications.

Notice: Not all flooring products are suitable for wet areas, specialized applications, or commercial use. Please refer to the American National Standard Specifications for Ceramic Tile (ANSI® A137.1) for ceramic, stone, and glass installation for specific usage and installation information.

This Florida Tile product will contribute to USGBC LEED® points and the ANSI® approved NAHB® Green Building Points.

Notes

Color, texture, and finish variations may occur due to the nature of the product.

Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.

Country of origin and other product features and characteristics are subject to change due to manufacturing efficiencies and other factors. See retailer or product packaging to verify country of origin and other product characteristics.
